

PLANNING FOR YOUR STAY

When visiting Magee Homestead, most of our guests will be seen in clothing that reflects the experiences they enjoy throughout their stay—casual and outdoor styles, yoga and “athleisure” wear, along with western-influenced attire are all appropriate.

The weather is varied and can be windy, and trends much cooler in the early morning and as the sun sets, so plan accordingly with layers and appropriate outerwear. During the day, dress for the activities you plan to participate in. For evenings, guests freshen up and have the opportunity to be more “dressy casual” and embrace the western lifestyle. Add a fancy belt, jewelry, cowboy hat, vest or jacket if you wish or as you feel appropriate to celebrate a special occasion and your time together on our refined and luxurious western prairie hideaway.
